

AUGUST 8/2 - 8/9

This is the first edition of Loot & Learn! These will be posted weekly with new important information.

If you have an ideas or requests for this, please contact either andrea@moveloot.com or kate@moveloot.com. Thanks!

Sets, Quantity, and Number of Pieces. It's so confusing! Here is a graphic to hopefully help with it. An easy way to think about it: **Quantity** is the numbers of sets and **Number of Pieces** are how many items are in the set.

Quantity VS Number of Pieces

SUBMISSION		PICK-UP		PRODUCT LISTING
Quantity	=	Number of Sets	=	Inventory Units
Number of Pieces	=	Amount of Items in Set	=	Number of Pieces & Locations in IU

1 Table

ON SITE
